Cottage ONLY: up to two **well-behaved** pets welcome at R100 per night per pet. Up-to-date inoculation records a prerequisite. Bring those along, together with their own clean bedding. The cottage is securely fenced. Dogs must be on a leash the moment they step into the reserve (no exceptions) and owners need to be aware of the dangers of taking a pet into a wilderness area. Your pet should for instance be tick-proof, i.e. on Bravecto treatment or wearing a functioning Seresto collar. We keep happy dogs and cats at our own dwelling in the reserve, but a few precautions are necessary. Speak to us if you're unsure :-)
